Dear Freddie

**Firework Show for KPF's 10th Birthday at Regent's College,
Regent's Park, July 7**

Firstly my apologies for the delay but we now have pleasure in enclosing your cheque for the show at the above event.

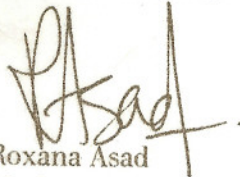

I wanted to thank you again for the fantastic show you gave us for our party. Everyone thought it was wonderful and a perfect finale for the evening. The firewriting was very effective and we have some great souvenir photos. Our partner thought the show was spectacular. It was a great surprise for our staff, and well worth the wait.

As you know, you were recommended to us through Nic Picot Entertainment and we were particularly pleased that you could do the show for us since our request was at quite short notice.

Thank you again Freddie, your show really made our party. I have kept your details for any future opportunities and I will certainly recommend you to anyone who might be seeking absolutely fabulous fireworks to augment any occasion.

Best regards
